About the Event

Pharmabharath Export Conclave 2026 is a focused, high-impact industry conference designed exclusively for pharmaceutical merchant exporters. Following the grand success of the AI Driven Pharma Innovation Summit, Pharmabharath brings together policymakers, exporters, manufacturers, financial institutions, and global market experts on a single platform to accelerate India's pharma and nutraceutical export growth.

The conclave aims to equip merchant exporters with practical insights, regulatory clarity, market intelligence, and business connections required to succeed in international markets.
